EDUCATION

International Institute of Information Technology

Bhubanewar, Odisha

Bachelor of technology in Computer Science, 2nd year

Nov. 2022 – April 2026

Course Work : Design and analysis, Data Structure, Algorithms, OOPS, MicroProcessor, Digital Electronics

PROJECTS

HarvestHarbor | Solidity, Vite-React, Web3, Flask, Python, Tensorflow, HTML, CSS, JS

Mar 2024

- Led the comprehensive development of Harvest Harbor, a pioneering agricultural platform intertwining machine learning models, blockchain technology, and user-friendly interfaces integrates ML models to advise farmers on yield, disease detection, and crop suggestions, enhancing productivity . Facilitates secure crop transactions via Solidity smart contracts, ensuring transparency and efficiency in buying and selling agricultural produce. .

Evault-3.0 | Solidity, Vite-React, Axios(IPFS), MongoDB, Node, CSS

Oct 2023

- Our project integrates Solidity smart contracts on the Ethereum network to store legal records securely. Using IPFS, files are stored in a decentralized manner. Backend integration allows access to government records for viewing previous data.

Personal Portfolio | HTML, CSS, JavaScript

April 2023

- Create a compelling personal portfolio using HTML for structure, CSS for styling, and JavaScript for interactivity. Showcase projects, include an about me section, contact information, and ensure responsiveness for optimal viewing on all devices.

TECHNICAL SKILLS

Languages: Solidity, mongoDb, Python,C/C++, SQL , JavaScript, HTML/CSS

Frameworks: Vite-React, Web3, Tailwind, Axios, Mocha, Express, Node , Truffle

Developer Tools: VS Code, Remix-IDE, Metamask, Jupyter, Codeblocks, Git/Github

Others: DBMS, Problem Solving, Project Management, Leadership, Teamwork, Public Speaking, Analytical Thinking

CERTIFICATIONS

- META/Facebook: What is metaverse?
- University at Buffalo: Blockchain(basic, smart contract, Dapp, Platforms)
- Google: Project Management(Foundation, Initiation)

ACHIEVEMENTS

- Expert at CodeStudio, (250+ solved)
- 2 Star Coder at CodeChef, rating - 1442 (Solved more than 100+ questions)
- HACKATHONS: Hackfest (Top 4)
